The new Philip's France and Spain Road Atlas, in a spiral A4 format, is the must-have atlas for anyone travelling to these countries by motor vehicle. In addition to the main maps at 1:750,000, the road network is shown at three supplementary scales from 1:250,000 to 1:3M, with ultra-clear detailed maps for urban areas. Scenic routes are highlighted on the road maps, with theme parks and World Heritage sites clearly shown. The maps also highlight towns with low-emission zones and show motorway rest/parking areas. Philip's France and Spain Road Atlas includes: Up-to-date driving regulations, including speed limits; 4 pages of route-planning maps which enable journeys

of over 800 miles to be planned without turning a page;57 pages of clear, detailed road maps, with scenic routes highlighted and toll, toll-free and pre-pay motorways all clearly marked;6 large-scale urban-area maps;11 city-centre plans marking historic buildings and tourist attractions, as well as car parks, head post offices and other facilities;Listings for ski resorts and top visitor attractions.
