**Philips : Philip's France, Belgium, Luxembourg Road Atlas 2000** before purchasing it in order to gage whether or not it would be worth my time, and all praised Philip's France, Belgium, Luxembourg Road Atlas 2000:

With 230 pages of mapping at a scale of 2.5 km to 1 mile, this atlas gives good road detail, showing many minor roads and essential street layouts in urban areas. Twelve full-page town plans, a town/village index and a map of the Paris region make it especially suited to the serious tourist.
