--- : **Philip's Red Books York** before purchasing it in order to gage whether or not it would be worth my time, and all praised Philip's Red Books York:

This local street atlas of York, and its surrounding towns and villages, gives detailed coverage of the area at scales of 2.25 inches to 1 mile and 4.5 inches to 1 mile. It also includes an enlarged centre map of York at 7 inches to 1 mile. The maps show hospitals, car parks, post offices, leisure facilities, schools, industrial areas and retail areas, while the index lists street names and postcodes. An area road map enables the user to identify through-routes more easily. Pocket sized, and wire stitched so that it opens out flat, the atlas is ideally suited for both business and leisure

use, whether by locals or visitors.
