Author : Philip's Street Atlas Edinburgh and East Central Scotland: Pocket Edition (Philip's Street Atlases) before purchasing it in order to gage whether or not it would be worth my time, and all praised Philip's Street Atlas Edinburgh and East Central Scotland: Pocket Edition (Philip's Street Atlases):

This fully revised pocket-sized street atlas of Edinburgh and East Central Scotland gives comprehensive and detailed coverage of the region. The route planner shows all the A and B roads, and can be used when driving to get close to the destination before turning to the relevant large-scale street map. The street maps show every named road, street and lane very clearly, with major roads picked out in colour. The maps are at a scale of $2\frac{2}{3}$ inches to 1 mile, with less populated areas at a scale of $1\frac{1}{3}$ inches to 1 mile towards the south-east of the region. Edinburgh city centre is shown at $5\frac{1}{3}$ inches to 1 mile. Other information on the maps includes postcode boundaries, car parks, railway and bus stations, post offices, schools, colleges, hospitals, police and fire stations, places of worship, leisure centres, footpaths and bridleways, camping and caravan sites, golf courses, and many other places of interest. The comprehensive index lists street names and postcodes, plus schools, hospitals, railway stations, shopping centres and other such features picked out in red, with other places of interest shown in blue.
