From Philip's : Philip's Street Atlas Edinburgh before purchasing it in order to gage whether or not it would be worth my time, and all praised Philip's Street Atlas Edinburgh:

A brand new street atlas of Edinburgh and its environs, giving comprehensive, detailed coverage of the city and unitary authority. No other publisher's atlas shows every street in Edinburgh.The mapping is prepared to the same specification as all titles in the highly successful Philip's/Ordnance Survey county atlas series.The contents

include:Routeplanner: 2 pages of Navigator mapping giving an overview of the whole area covered by the atlas, marking all major and minor roads.60 pages of comprehensive coverage of the whole of Edinburgh and surrounds at an enlarged scale of 4.5 inches to 1 mile.PLUS 4 pages of ultra-large coverage of Central Edinburgh at 7 inches to 1 mile, showing one-way streets, restricted turns and car parks.PLUS 2 page A-Z guide to Edinburgh's top visitor attractions.PLUS Transport map showing local bus routes.PLUS 8-page index of street names and postcodes.Pocket-sized, and saddle-stitched so that it opens out flat, the atlas is ideally suited for both business and leisure use, whether by locals or visitors.The maps clearly show every named road, street and lane, with visitor attractions clearly marked, and pedestrian areas and through-routes highlighted. Schools, colleges, hospitals, police stations, post offices, car parks, sports centres, and local government offices are all featured.Main map scale: 4.5 inches to 1 mile and 7 inches to 1 mile
