Philip's Street Atlas Glasgow and West Central Scotland gives detailed coverage of the region in a

The street maps show every named road, street and lane very clearly, with major roads picked out in colour. The maps are at a standard scale of 3.5 inches to 1 mile. In addition, Glasgow city centre is shown at 7 inches to 1 mile. Other information on the maps includes postcode boundaries, car parks, railway and bus stations, post offices, schools, colleges, hospitals, police and fire stations, places of worship, leisure centres, footpaths and bridleways, camping and caravan sites, golf courses, and many other places of interest. Also included are fixed single and multiple speed-camera locations, with corresponding speed limits.
