**From Philip's :** Philip's Street Atlas West Sussex: Pocket (Philip's Street Atlases) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Philip's Street Atlas West Sussex: Pocket (Philip's Street Atlases):

A brand new edition of this successful colour atlas of West Sussex, giving the most comprehensive and detailed coverage of the region. No other atlas names every street in West Sussex. The mapping is created by Ordnance Survey cartographers to Philip's own specification and gives the user complete coverage of all urban and rural areas. The

mapping is at a standard scale of 3 1/2 inches to 1 mile (2 2/3 inches to 1 mile in the pocket edition) and is complete with postcode boundaries. The atlas is ideally suited for both business and leisure use. There is a route-planning map and an administrative and postcode map at the front of the atlas. The main maps show every named road, street and lane clearly with through-routes highlighted. School locations are marked and emergency services, hospitals, police stations, car parks and rail and bus station locations are all featured. There is a comprehensive index of street names and postcodes that includes schools, industrial estates, hospitals, sports centres, etc, which are highlighted in colour. Main map scale: 2 2/3 inches to 1 mile
