From Philip's : Philip's Street Map Edinburgh before purchasing it in order to gage whether or not it would be worth my time, and all praised Philip's Street Map Edinburgh:

A brand new sheet map of Edinburgh, featuring mapping sourced from Ordnance Survey. Edinburgh and surrounds are shown at a scale of 4.5 inches to 1 mile. The map shows the locations of many more named streets, courts, alleys, houses and estates than any equivalent map. This, coupled with a detailed index, has considerable benefits for professional users. The centre of Edinburgh is shown at a scale of 9 inches to 1 mile. Taking the castle as its centre this enlarged-scale mapping extends from Haymarket in the west to the Palace of Holyroodhouse in the east. One-way streets, restricted turns and car parks are all shown. Route-finding is much easier as through routes are shown, giving the user the equivalent of local knowledge of an area, ideal for any driver and a real time-saver when avoiding main road queues. Postcode districts and boundaries are shown on the mapping. The index of streets and notable features is fully comprehensive and has been carefully designed to be easy to use and read. Hospitals, railway stations, schools, shopping centres, universities, industrial estates and other such features are highlighted in red; places of tourist interest are shown in blue. The index includes postcodes. Main map scale: 4.5 inches to 1 mile and 9 inches to 1 mile
