The pictures are excellent; some are of places that I took pictures ...By Coast RangerMy sister actually bought this book in Scotland when we were there, but I never saw one to buy. The pictures are excellent; some are of places that I took pictures of, but others are not (we were on a tour bus and it's hard to get pics from a moving bus!). So, I researched the title on and found it. Just the memories that I wanted from a wonderful trip to Scotland and the Orkneys. I did look up other titles in their series and visited the website listed in the back of the book. Other good titles and pics there, too.
