Tourist Map (Laminated) in English by Lozzi (English, Spanish, French, Italian and German Edition):

Imported directly from Italy, this folded pocket map of Pisa is tough enough to stow in a backpack -- tear-proof and waterproof -- but small enough to fit in a jacket pocket. Suitable for walking tours, it shows the city center at a very detailed scale of 1:4000. Many places of interest are labeled directly on the map. You'll find brief English-language descriptions of eight of the city's top sights. There's an extensive list of streets, and also an index of monuments, each of which pinpoint these places within the map's grid. Other places of interest are shown directly on the map: gardens, railway stations, tourist information centers and hospitals. Map is easy to unfold and refold. The most authoritative geographical information that there is for Pisa -- the local kind -- now available in the U.S. for less than \$8.
