This guide is the perfect size for what we need - info on all the main sites, maps, travel information...without having to pay for a more expensive / comprehensive guide designed for longer visits. It's still packed with information...it even has a small phrasebook in the back. It's smaller than I expected, which is a good thing. They've really packed a lot of information into a totally portable guide...metro maps, dining, street maps - it's really adorable, actually!0 of 0 people found the following review helpful. Very HandyBy M. G. SmithThe best map/guide in the world isn't much use if it isn't easy to use. And that's the beauty of this Eyewitness offering. It fits easily into a pocket, folds out quickly, and contains a nice breakdown of many of the essential sights. We purchased several Barcelona maps, but this was one of the two we actually used while we were there.2 of 2 people found the following review helpful. Pocket Map and Guide BarcelonaBy C.L.I am very pleased with this little Eyewitness guide book. It is the perfect size to carry along when sight-seeing in the city, but the print is actually large enough that you don't need a magnifying glass to read it. When we travel in Europe our goal is to pack very light, and this little map and guide puts the important info into a small space. We'll only be in Barcelona for a couple of days before a Mediterranean cruise, so this is all we'll need to see highlights of the city.

Every visitor to Barcelona needs a good map and a good guidebook-now, for the first time, the two have been combined in a unique format at an unbeatable price. Perfectly sized to fit in a purse or back pocket, the Eyewitness Pocket Map Guide is a fully illustrated guide to all the major sights-plus an ingenious fold-out map so you will never feel lost. The guide also includes restaurants, pubs, shops and a mini-phrasebook. It's all you need for a perfect day out and about-and for just \$6.99.
