**Fodor's : Pocket Prague: What to See and Do If You Can't Stay Long (Fodor's Pocket Guides)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pocket Prague: What to See and Do If You Can't Stay Long (Fodor's Pocket Guides):

Compact and easy to use. Historical sites are well done but reviews of art collections are overly generous for mediocre quality. Forget the restaurant reviews, the scene is changing fast and our most inedible meal was at U Tri Zlatych Hvesd, a restaurant they recommended. The hotel U Tri Pstrosu was a major disappointment. When they showed us to our room, a tiny fourth floor walk up attic garret for \$200 a night, we checked out and went next door to Hotel Pod Vezi. There we found a large, comfortable suite three times the size for \$150. Overall a handy book but out of date on hotels, restaurants and some travel information.
