Lone Mouritsen : Pocket Rough Guide Copenhagen (Rough Guide Pocket Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Pocket Rough Guide Copenhagen (Rough Guide Pocket Guides):

We got had 4 guidebooks to the city or the country -- this, DK, LP, and Wallpaper. (Funny that this, DK, and LP all have essentially the identical cover photo of Nyhavn.) This is by far the best book of the four -- most informative, most useful format, best written. But it did not always steer us right. Page 10 recommends the Soren K as a great restaurant for families, citing its combination of "casual food for kids (and champagne and oysters for parents)", This combination totally appealed to us, and we dragged our tired selves across town for it. Unfortunately, there was no casual food for kids, and no oysters. A fine restaurant, but not what we were expecting from the book, nor what we were seeking. So be a bit wary of this book.0 of 0 people found the following review helpful. This is a great guide for CopenhagenBy Tina PThis is a great guide for Copenhagen. It splits up the city by neighborhood and gives all of the information you would be looking for in each neighborhood in a clear fashion.2 of 2 people found the following review helpful.
