Colour Library Books : Poland Picture Memory Seri before purchasing it in order to gage whether or not it would be worth my time, and all praised Poland Picture Memory Seri:

0 of 0 people found the following review helpful. Five StarsBy A readerIt's a nice book with lots of pretty pictures.5 of 6 people found the following review helpful. A good readBy JzisTim Sharman presents a contemporary photograph of the country I call home. From the czars of the past, to the modern day presidents, this work is thorough and to the point. It is a wonderful all encompassed minibiography that does not bore the reader with minute details. I further recommend James Michener's Pilgrimage: A Memoir of Poland and Rome.
