**Copernicus Poland : Poland Southwest 1:200,000 Touring Map** before purchasing it in order to gage whether or not it would be worth my time, and all praised Poland Southwest 1:200,000 Touring Map:

Poland Southwest 1:200,000 Travel Map, by COPERNICUS This map covers southwestern corner of Poland, from its border with Germany to Wroclaw in the east. Road and rail networks are easy to see on a clear base which presents topography by altitude colouring with spot heights and names of mountain ranges, selected peaks and other geographical features. National parks are highlighted. Road network includes local roads and selected tracks and gives driving distances on main and secondary roads. Symbols highlight various places of interest, including campsites, UNESCO world heritage sites, etc. Multilingual legend includes English. On reverse, insets with street plans of 14 towns in the area are provided along with 9 touring routes. Informative text is in Polish only. Reliable, locally made Polish cartography.
