It was wonderful to be able to make my needs and wants known in hotels and restaurants, and to just say a few words in Croatian to the lovely people I met there. The CD is invaluable, since pronunciations don't agree with the printed word, and inflections are important. 0 of 0 people found the following review helpful. This is great - I bought it for my wife. By George The book is thoughtfully put together. I specifically bought it because it included a CD. Unless you hear how the words truly sound, how can you speak the

language? My wife practices tirelessly with it ! She loves it ! And one day when we are in Poland and she repeats one of the phrases, she will have no idea what the Polish person is saying when he/she replies ! The book teaches handy phrases to say, but no interpretation of what the replies may mean. In spite of that I believe this book will somehow be useful when we get there. 1 of 1 people found the following review helpful. CD should be used as pronunciation guide

I bought this phrase book CD because I am going on a trip to Croatia and wanted to learn enough Croatian to be able to get around without hardship. I was hoping that the CD would teach the language from the beginner's level. The format of the CD is as follows- the phrase is spoken once in English, then once slowly in Croatian, then once quickly in Croatian. Then it moves on to the next word. The CD should be used more as a pronunciation guide rather than as a tool for learning the basics.

Lounge with locals on the beaches of the Baltic Sea or sing along to Polish folksongs with the Górale (mountaineers) of the Tatra Mountains. The Berlitz Polish Phrase Book contains essential expressions, everyday conversations, and up-to-date words and phrases to help you communicate with confidence and travel with ease. The Berlitz phrase book is the unparalleled market leader in its category.
