**Sara Coleman : Pompeii Travel Guide (Quick Trips Series): Sights, Culture, Food, Shopping Fun** before purchasing it in order to gage whether or not it would be worth my time, and all praised Pompeii Travel Guide (Quick Trips Series): Sights, Culture, Food, Shopping Fun:

0 of 0 people found the following review helpful. Waste of money.By A. J. AllenThis book was a great

disappointment. It's only 64 pages long to begin with, and those pages contain minimal information, triple spaced to pad the text out to book length. And only a few of those pages actually cover Pompeii itself. The rest is standard tourist info that anyone can get off the Internet. There isn't even a map. Bottom line: it is a ripoff and you should save your money.
