**Raoul Lempriere : Portrait of the Channel Islands** before purchasing it in order to gage whether or not it would be worth my time, and all praised Portrait of the Channel Islands:

1 of 1 people found the following review helpful. Good resource for researching Channel Islands.By KatI got this because I wanted to learn more about the Islands where my ancestors had lived for many generations. Very detailed on each Island. Even talked about what they went through during the wars. Very detailed which I was able to visualize easily. Good book for references.
