Portugal 1:350,000 Travel Map, waterproof, GPS-compatible, 2012 edition REISE This map is waterproof and tear-resistant, durable enough to survive time spent in the rucksack, pocket or on a restaurant table. It is double-sided to provide the best balance between a good scale and a convenient sheet size (size 100 x 70 cm / 39.5 x 27.5 in) with topographic and tourist information. Light altitude colouring with contours, peak heights and graphics for swamps presents the country's topography. Road network includes selected small local roads and country tracks and gives driving distances on main and secondary routes. Railway lines are included and local airports are marked. The map also shows internal administrative divisions with names of the provinces. National parks and other protected areas are highlighted and a range of symbols mark various places of interest including campsites, UNESCO World Heritage sites and other historical or cultural monuments, viewpoints, golf courses, etc. Latitude and longitude lines are drawn

at 10' intervals. The map has an extensive index of localities. Map legend includes English.
