Generally, guidebooks are difficult to get an initial bearing for the framework of a trip. This books is the perfect antidote for this. An easy read, read it in one sitting, I now have a sense of where to begin, along with a good overview of the history and culture. Highly recommended!1 of 1 people found the following review helpful. DelightfulBy a readerThis very short survey of Portugal's beautiful cities gives a charming and helpful overview of places mostly off the tourist track.1 of 1 people found the following review helpful.
