Harold Livermore : Portugal: A Traveller's History by Harold Livermore (2004-11-11) before purchasing it in order to gage whether or not it would be worth my time, and all praised Portugal: A Traveller's History by Harold Livermore (2004-11-11):

0 of 0 people found the following review helpful. Difficult to followBy kmegillIt is obvious that the writer is intimately familiar with his subject; however, he is so immersed in detail that it is difficult to enjoy the book. He assumes that the reader is as familiar with the layout of the country as he is. Maps are desperately needed here. A dictionary in the back explaining the Portuguese terms would also be helpful.2 of 2 people found the following review helpful. Recommend it!By vera kolpakovaLoved the book. Read it after I have visited Portugal on vacation and reading it opened my eyes to some things I observed but perhaps did not think much about when I was there.Definitely recommend it to anyone who is planing to travel to or considering moving to Portugal, this book is a fresh account of history and culture of this beautiful country.1 of 3 people found the following review helpful. Portugal: A Traveller's HistoryBy Frank AranyThe review is not focused on histoory, as the title would suggest.The style is somewhat erratic
