From Brand: Alastair Sawday Publishing : Portugal (Alastair Sawday's Special Places to Stay) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Portugal (Alastair Sawday's Special Places to Stay):

1 of 1 people found the following review helpful. What was (s)he looking at?By Richard NauenI don't know what the previous reviewer (05/12/01) was looking at, but it most certainly wasn't this book, which is filled with pictures! Two in color for every place listed, the larger being an exterior view and the smaller an interior view or a view from a window looking out. Another great feature of this book is the Spanish and Portuguese form letters for making reservations--most helpful. I'm already planning to use both the British and French Bed Breakfast editions; now I'll have to find time for a trip to the Iberian Peninsula also.0 of 0 people found the following review helpful. GreatBy A CustomerIf your planning on going to Spain or portugal, you probaly want to go to the best places there. This book will really help you decide where to go and what to see there. Have fun!0 of 3 people found the following review helpful. Where are the pictures?By A CustomerI like photographs when planning. It helps me feel a bit more secure about my choices. Having lived abroad most of my life, I've seen that drawings can be deceiving. Tons of information though. That's good. But for me, not enough to commit.

Details of over 100 places are included in this, the second edition of Alastair Sawday's *Special Places to Stay: Portugal*. Fresh, honest write-ups are complimented by the use of approximately 200 full colour photographs throughout. From country houses and manor houses, to old farms and coastal villas, the guide takes in a wide range of properties to suit all tastes and budgets.

"Get a copy of Alastair Sawday's *Special Places to Stay; Portugal*." The Independent "Sawday's guides are designed to give the feel of a place, as though you were visiting it as friends, not as potential customers" The Guardian
