From Mairs Geographischer Verlag, Kurt Mair : Portugal GeoCenter Euro Map (GeoCenter Maps) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Portugal GeoCenter Euro Map (GeoCenter Maps):

Part of the renowned Geocenter Euro Map series, this updated map of Portugal and Galicia is both informative and easy-to-use. This cartography is ideal for travelling within the countries and the city plans of Lisbon, Braga, Coimbra, A Coru and Oporto are ideal for day-to-day navigation around these key cities. This updated cartography now features grid references in the margin to aid quicker orientation. Additional colour changes to the mapping make transport networks clearer than before. With a scale of 1:300 Thousand and a legend in 8 languages, this is a comprehensive and indispensable road map. Tourist information, places of interest and a comprehensive index booklet are all featured. Information is provided on hotels, restaurants, museums, theatres, parks and gardens, with tourist attractions clearly indicated and public transport systems marked.
