**Nick Gibbard : Postermaps Souvenir Map Guide to Oxford** before purchasing it in order to gage whether or not it would be worth my time, and all praised Postermaps Souvenir Map Guide to Oxford:

1 of 1 people found the following review helpful. Great visual guide to Oxford!By L. A. AdolfAbsolutely love this map to Oxford. Rather than just showing the usual map information, this is a "view from the sky", graphic representation of the University city. Artistic representations allow for on the spot identification of the various colleges and historic buildings. Makes a great souvenir of a trip to this beautiful place, or can be used to prepare to see the sights. I highly recommend this product!0 of 0 people found the following review helpful. Best Map of Oxford By Far for Visitors on FootBy Sherry ChristieThis 3-D illustrated map made it easy to navigate Oxford. It's simple to identify where you are, and see what interesting-looking buildings and monuments you may want to visit. Far better than a typical 2-D map or even an online app. Very highly recommended.1 of 1 people found the following review helpful. A Great MapBy Mike JacksonI liked it so much that I'm buying another to save, I'll use the one I have to mark up with places to go and other touristy info. Highly recommended.
