Elyn Aviva, Gary White : Powerful Places in Brittany before purchasing it in order to gage whether or not it would be worth my time, and all praised Powerful Places in Brittany:

Powerful Places in Brittany is not your usual guidebook. It's not about visiting places, it's about experiencing them. Come and explore a carefully chosen selection of sites in this land of myth and mystery. In Brittany you'll find the world's largest collection of megaliths, including?cairns with?fascinating?interior?carvings,?an enchanted forest (or two) filled with legends of Arthur and Merlin, evocative pilgrimage shrines, and holy wells. The book provides detailed descriptions of these powerful places, how to get there, and what to do when you arrive. Numerous maps, graphics, and photos bring the locations to life. If you are intrigued by the unusual; if you long to connect more deeply with the places you visit; if you have a nagging feeling that there's more to some places than meets the eye-this is the travel guide for you.
