Prague 1:22,000 Pocket Atlas (Czech Republic) This truly pocket size (6 x 4,5 inches), 96-page atlas of Prague covers nearly the whole city at the scale of 1:22,000. Tram and bus lines are shown with stops, although line numbers are given mainly at the terminal stops plus on the enlargement. Metro stations, park ride facilities, car parks and one way streets are marked. Symbols indicate locations of museums, theatres, supermarkets, petrol stations, etc.The enlargement for the town centre, from the National Museum across the Vltava River to the Castle, highlights main places of interest and shows public transport lines with numbers and stops, but it is smaller and rather more cluttered than specifically tourist plans of the city.Legend is in 8 languages (Czech, English, German, French, Italian, Russian, Slovak and Polish) Included is a map of the city's environs at 1:200,000 and an extensive street index.Note: for a complete coverage of Metropolitan Prague, the slightly larger Prague Classic Handy atlas is necessary - see 9788079953267.
