**Globetrotter : Prague Travel Pack (Globetrotter Travel Packs)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Prague Travel Pack (Globetrotter Travel Packs):

1 of 1 people found the following review helpful. Not good for exploring off the beaten track By A Customer This map would be good for a tourist planning on spending a few days in Prague and strictly sticking to the major monuments. It only shows a very small portion of the city. If you're planning a longer stay, you might want a map that shows more.

Comprising of a travel guide and full-size travel map, folded to fit in a wallet, this pack caters specifically for individuals new to Prague. Information on the city's history, people and culture is presented with areas of special interest illustrated in greater detail.

From the Back Cover This user-friendly travel map has been specifically designed for visitors as a practical and informative guide to Prague. More than just a map, it includes detailed street plans of the city center and a map of the surrounding areas. It also includes regional climate chart, full color photographs, and a concise place names index. (5 x 10 folded, charts, regional maps, color photos)
