From Duncan Petersen Publishing : Prague Walks (On Foot Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Prague Walks (On Foot Guides):

This updated 2nd edition of this delightful walking guide whose unique sellingpoint is walking routes on 'bird's eye

view' (isometric) mapping. Not just this, but the walks are informative and fun. Exploring Prague with this guide is like being taken by a friend who knows all the best restaurants, shops and attractions. It will introduce not only the famous sights but the atmosphere of the city as a whole. The new and contemporary cover emphasises these benefits, making it clear that the beautiful mapping is uniquely easy to use because it shows the street plan as well as the look of your surroundings. The routes are in all the most interesting areas of central Prague, plus a few on the outskirts. Most are about an hour long or can be joined together easily for long expeditions.

About the Author Frank Kuznik is a journalist living in Prague. He is General Manager and Editor-in-Chief of the English-language newspaper, The Prague Post.
