**Jon Grainge LBIPP : PRAGUE where Russians and Europeans Co-Exist** before purchasing it in order to gage whether or not it would be worth my time, and all praised PRAGUE where Russians and Europeans Co-Exist:

"EUROPEAN PHOTO-BOOK" collection. This is an alternative way to look at Prague: through its people and activities. It is a pictorial book totally packed with photographs that capture the pulse of the moment. Almost all the people were unaware that their picture was being taken, so they are natural and represent the real thing. Being 7"x7" in size the book fits into your pocket of handbag. Excellent gift for someone who has either been to Prague or who is contemplating a visit.
