**From Michelin : Provence 2008 (Michelin Zoom Maps)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Provence 2008 (Michelin Zoom Maps):

Detailed road map by world-famous Michelin Maps. This map centers on Avignon and covers from Montpellier in the west to Marseille and Aix-en-Provence in the east, and north to Montelimar. Thus it covers western Provence and the Camargue, but does not cover eastern Provence or further eastward to the Italian border. Map scale is 1:160,000. Includes several small inset maps of city centers in the area. The map is not indexed.
