Provence - Alpes - Cote D'Azur (France) 1:300,000 Travel Map with city plans TQ This double sided, indexed map covers the area at 1:300,000 (1 inch = 4.73 miles) and also includes street plans of four towns. It is a detailed road map, ideal for exploring the area by car. Detailed mapping of regional and minor local roads is combined with clear presentation of motorways and main national routes, showing toll sections with locations of toll gates, rest areas and gas stations. Junction numbers are clearly marked. The maps indicate access restrictions, and tunnels. Intermediate driving distances are marked on main and secondary routes. The map also shows local airports, ferry infrastructure, railway network, as well as departmental and regional administrative boundaries. A vast array of touring information is shown on the mapping, as indicated by themed symbols in the legend which include castles, monasteries, nature reserves, caves, waterfalls, golf courses, etc. Four inset maps include street plans of the city centres of Marseille, Nice
