Rolf, editor Toman : Provence: Art, Architecture, Landscape before purchasing it in order to gage whether or not it would be worth my time, and all praised Provence: Art, Architecture, Landscape:

1 of 1 people found the following review helpful. Beautiful BookBy Margaret BeaucheminI gave this book to my daughter. She loved it. Very beautiful pictures in it. I would recommend to anyone interested in this part of country.5 of 6 people found the following review helpful. Best book on ProvenceBy Edward DurouxThis is perhaps the most complete book on Provence I have come across. It offers excellent pictures and detailed history of all the major and surrounding areas which constitute Provence. The area, steeped in history, not least of which the Roman Empire, is eloquently portrayed in this book and is sure to indulge any reader on the delights that are to be found in Provence.0 of 1 people found the following review helpful. Five StarsBy jany sedaexcellent

Translated by Paul Fletcher, Debra Nicol, Brian Malley, Susan Kunze, Clare Charters, Christine Bainbridge in association with Chanterelle Translations, London. Illustrated throughout in black-and-white and color. Bound in the

publisher's original green cloth with the spine stamped in blue.
